Dear Hiring Manager,

My name is Cameron Chan, and I am currently a freshman in the Questrom School of Business at Boston University. I plan on concentrating in Finance, in addition to pursuing a minor in Biology in the College of Arts and Sciences.

I am deeply interested in being a part of the finance team at Rue Gilt Groupe. After learning about the finance internship program, I am excited about the opportunity to join a community of co-workers who are motivated and committed to strategic planning and analysis. I learned that Rue Gilt Groupe specializes on internet business while offering a premium shopping experience. Working at this company would allow me to gain better insight on corporate finance, especially because Rue Gilt Groupe is such a large company. Through my previous work experience at an accounting firm and multiple business courses, I am confident that I could bring a new perspective to this company. In addition, I am eager and willing to learn the necessary knowledge to complete any tasks.

During the summer of 2017, I had the opportunity to work at a local accounting firm in California. This experience allowed me to gain a better understanding of the process of tax returns, inventory audits, and accounting standards. In addition, I had through experience with the software of QuickBooks and data entries. This summer internship taught me the importance of communication, especially when working on projects or events with others.

In high school I was on the deans list and received the award of salutatorian. In the first semester at Boston University I thoroughly enjoyed the discussions on the ethical problems facing global businesses and management in our SM 131 - Business, Society, and Ethics course. Additionally, as part of the junior board member for The Habitat for Humanity we reviewed the financial information for the families receiving homes to ensure their ability to successfully meet the financial obligations. I am highly motivated and am an all-around student that is committed to the challenge of this summer internship.

Thank you for your time and consideration. Please reach out if you have any other questions.

Sincerely,
Cameron Chan
